

Dell Azure Services Customer Portal Overview and User Guide

Dell Azure Customer Portal User Guide

This guide will explain how to access the portal, explains the control panel functions and describes how to access usage and pricing information.

To access OSA's Provider Control Panel
Login in to: <https://cp.office365.dell.com/single.html>

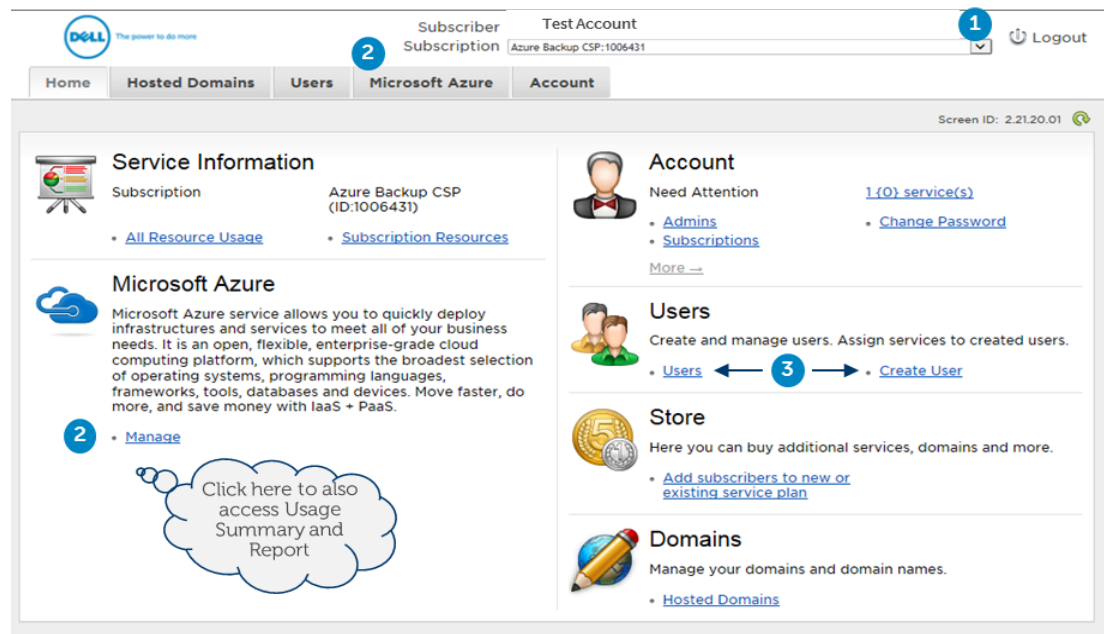

The screenshot shows a web browser window with the address bar displaying <https://cp.office365.dell.com/single.html>. The main content area features a login form with the Dell logo and tagline "The power to do more" at the top. Below the logo, there are two input fields: "Username" with the placeholder text "First.Lastname" and "Password" with masked characters. A green "Login" button is positioned to the right of the password field. A link labeled "Forgot password?" is located below the password field. At the bottom of the form, a copyright notice reads "© 1999-2015, Parallels. All rights reserved."

Customer Control Panel

1. Select Azure Backup CSP by clicking on the drop down Subscription list
 - this is only required if you have multiple subscriptions (Office 365, Azure)
2. To view usage and/or download a usage report, click on either the Microsoft Azure tab or the 'Manage' link within the Microsoft Azure section
3. User Administration: to see who from your company has access to the portal, click on 'Users'. If you need to add a user, click on 'Create User'

Access the control panel @ <https://cp.office365.dell.com/single.html>

Usage Screen

Key Information:

1. Last Billing and Next Billing Date

2. Total consumed amount for the current billing cycle

- Billable Amount x Rate
- Does **not** include taxes

3. If you would like to see detailed usage, click on the resource name links

4. Note: resource usage details are displayed by date

MS Azure Billing Cycle

- Begins first day of every calendar month at 0000 hours PST
- Ends last day of every calendar month at 1159 hours PST
